# Fractions Strips

Instructions

1. Cut the strips out below.

2. Fold them along the dotted lines.

The fraction strips can then be used to compare the size of different fractions. Use them to show the answers to the following questions.

1. Which is greater $\frac{1}{2}$ or $\frac{1}{4}$?

2. Which is greater $\frac{3}{4}$ or $\frac{2}{3}$?

3. Which is greater $\frac{1}{2}$ or $\frac{1}{3}$?

4. Put these fractions in order starting with the greatest: $\frac{2}{3}$, $\frac{1}{2}$, $\frac{3}{4}$.

5. What is $\frac{1}{2}$ equivalent to?

$\frac{1}{2}$		$\frac{1}{2}$	
$\frac{1}{4}$	$\frac{1}{4}$	$\frac{1}{4}$	$\frac{1}{4}$
$\frac{1}{3}$	$\frac{1}{3}$		$\frac{1}{3}$

Fractions Strips Answers

1. $\frac{1}{2}$

2. $\frac{3}{4}$

3. $\frac{1}{2}$

4. $\frac{3}{4}$, $\frac{2}{3}$, $\frac{1}{2}$.

5. $\frac{2}{4}$
