

One evening Bens Mum
was reading his favourite
book. They were half way
through the three Billy
goats Skrug when the
phone began to ring.
Bens Mum left the room
leaving Ben feeling gloomy
because the story was
not finished.

Ben looked out of the
window. The first gun goat
was at the door.

Suddenly, two more gun
goats came along. The
three gun goats wanted
to know how the
story ended.

Ben and the gun goats
heard a terrifying noise.

It was the troll. The
troll climbed down the
chimney because he wanted
to be friends. The goats
were shocked but pleased
to let the troll join
in.

Mum found them snuggled
in bed. Mum was shocked
but read the rest of the
story. Ben went to bed glad
because he finally knows
the end of the Three Billy
Goats Gruff story.
