

## My day at the Central Theatre

On Tuesday 12<sup>th</sup> March, I went to the Central Theatre with all my year 2 friends. As soon as I arrived at school I put my coat on my chair and got a wristband & I was ready to get on the coach. After the register I had to choose a partner to sit next to on the coach & I chose Fin-Grace. When I got on the coach I was so nervous as I plugged my seatbelt in.

When we finally arrived I felt scared because I have never been on stage but I knew I had to be calm. Sensibly we got off the coach and we had to hold our partner's hand. After that we had to walk down the high street and then we went in the theatre then found our seat. We sang with lot & so different schools. We got to look at the balcony and give our parent & the song I liked was sitting on the bus. I loved doing the actions to keep everyone a puppet because I liked the music.

When it was time to go on stage I walked up the black & hair & I felt excited when I got on the light & were so bright I couldn't see my nan. Whilst we got on stage Mrs Payne played the piano and we sang. This is me. Next we went back down the black & hair & sat down.
