

# Sammy's Adventure.

On an island, there was a crab  
and he had shiny, pointy claws.  
The crab's claws were as orange as a  
sunset. Next to the water, there was a  
pink, bright toothbrush. She was as bright  
as the sun and was dancing with the  
blue, light transparent bottle next to the  
crystal blue water. The long, black bird was

Walking on the sand as quick as a cheetah.  
The bird's beak was beautiful, orange. The  
trees are as green as a pea.  
The large, leafy trees' trunk  
on the palm trees is as brown as a bear.  
On the sand, there was a starfish which was  
as orange as a sunset. Next to the starfish  
was a shell that was as sharp as sea  
creatures. There were microwaves, clocks,  
bottles <sup>and</sup> broken TVs. It was very unclean!  
The abandoned debris was as tall as  
a skyscraper. As Sammy looked at the  
once beautiful island, he felt upset to see  
the island destroyed.
