

The Wolf

The Big Bad Wolf is a friendly, hard working wolf who loves caring about people. In fact he should be called The Big Generous Wolf. His caring, intense eyes are good for seeing people to care for. His teeth are as pointy as a shark's tooth. He uses them for eating vegetables because he's a vegetarian. His ears are as soft as a teddy bear. He has got a blood-stained, wounded tail because he got it cut off by a strong, metal axe. The wolf likes to do many things including helping people, food shopping, eating yummy vegetables and caring about kind people. What a great, kind, intelligent and empathetic wolf he is!
