Dear diary

What a snowy day! Today we went on a adventure to forest school. It was so cold that I needed my fluffy coat and my white gloves. Exhiteley I walked past my sisters class. First I did the blindfolded walk. It was fun but I was first but Lydon was a good guide. And I was excited. When Lydon was blindfolded I needed to make sure that I said the right words and it felt like I was at the sitting I will try put it back on the string again by using string so his hand goes back on.

Then it was time to smich with the other group. Now I was my

turn to do the mud Kitchen me and Lydon and Archie. We tried to break the ice but it was too thick. After a while miss Thompson blew the whisel and then we needed to go back to base camp but we got a rag because the logs were soggy so we didn't get wet trousers. Miss Thompson put a marshmello on a long stick then I waited until it was melted near the fire. Miss Stanton helped me put a marshmello better than I could. Then it was time to eat it. It was so fantastic I let it. Sincerely because I liked back I was so warm because I had my boot's on and my g love on, and my coat on.

Love from Ivy & P.S. it was the
day ever spending time with my
teachers!
