

Dinosaurs Lived Long Ago Song

(Sing to the tune of 'Twinkle, Twinkle Little Star'.)

Dinosaurs lived long ago,
How many types do you know?

Pterodactyls in the sky,
See them flying way up high.

Dinosaurs lived long ago,
How many types do you know?

Dinosaurs lived long ago,
How many types do you know?

T. rex was a dinosaur,
With a loud and fearsome roar.

Dinosaurs lived long ago,
How many types do you know?

Dinosaurs lived long ago,
How many types do you know?

Diplodocus was quite strong,
With a neck that's very long.

Dinosaurs lived long ago,
How many types do you know?
